VALIDATION

The validation of the **gold level certification** will be given by the headquarters after having viewed the documents and the video of the exam (which must be a single video without montages or divided into several parts) the video will record both the operator at the beginning of the examination and all the patterns performed at the end of each preparation - the products, once made, must be framed from above for 30 seconds. If the documents are not completed correctly or are incomplete or if the video is not clear, the exam will have to be redone and the correct documents must be postponed.

Sheet and pictures/video of the grading should be sent via email to system@latteartgrading.com

The video must be send by wetransfer at the same mail
